Dear Sir:

I am deeply concerned that my country is considering building another bomb plant. Along with many other peacemakers, I am expressing my opposition to this idea.

My spiritual life inspires me to encourage everyone to open their minds and hearts to understanding that we must push our energies in the direction of non-injury, reconciliation, peace and love.

Bombs don't fit into that energy.

Thanks for taking time to read this. Please respond.

Comment No. 1

Issue Code: 16

Comment noted. There is no plan or proposal in the Y-12 SWEIS to build a new bomb plant or to manufacture new nuclear weapons. The Y-12 SWEIS assesses the potential environmental impacts associated with the continued operation of the Y-12 National Security Complex, and the proposed construction and operation of new facilities for the HEU Storage Mission and Special Materials Mission at Y-12. The need for nuclear weapons and whether DOE should produce nuclear weapons are beyond the scope of the Y-12 SWEIS.
